

Chat GPT
chatgpt.com
is an AI chatbot
designed to generate
human-like text based
on user input

TIPS & ADVICE

**CAN BE
HELPFUL FOR**

NOT RECOMMENDED FOR

- Brainstorming
- Generating outlines
- Narrowing a topic
- Simplifying difficult concepts
- Summarizing long texts

Generating an entire essay
Its writing is very vanilla and
often misses the point of your
assignment and...it's not ethical!

CHECK WITH YOUR INSTRUCTOR

They may or may not allow the use of Generative AI

VERIFY ALL OUTPUT INCLUDING SOURCES

ChatGPT can "hallucinate" (make up!) plausible-sounding facts and sources

CHATGPT CANNOT THINK

It generates text based on a word prediction algorithm, like a super-powerful autocomplete

CITE CHATGPT

If using ChatGPT-generated content, cite it! All major citation styles show you how
